

## Gas Agreement Bylaw Given First Reading

At the hour of 8:00 p.m. on Tuesday, October 12th, the adjourned meeting of Council was called to order in the council chamber with Mayor Middemass in the chair and all members of council present.

On motion of Councillor Cork, that council assent to the introduction of a By-law to authorize an agreement between the Town of Wainwright and Wainwright Gas Company Limited providing for the supply of natural gas to the residents of the Town of Wainwright on the terms set out in the agreement annexed to the By-law as Schedule "A".

On motion of Councillor Robinson, the above By-law No. 347 of the Town of Wainwright, be now given its first reading.—Carried unanimously.

By-law No. 347 was then read for the first time and ordered submitted to the Board of the Public Utility Commissioner for approval.

On motion of Councillor Lismore, the application of the Municipal District of Wainwright No. 392 to rent the building on Lots 6 to 10, Block 14 Plan 6445V, at a monthly rental of \$15.00, be approved, providing release of same can be obtained from

the present tenant.

On motion of Councillor Cork, council authorized the mailing of the attached circular letter, together with 1942 and 1943 Budgets, to any ratepayer requesting an explanation of the increase in the mill rate for 1943.

—Copy of letter hereunder.

To Ratepayers of the Town of Wainwright,  
Dear Sir (Madam),

In reply to your request for an explanation of the increase of the mill rate levied in the Town of Wainwright in the present year, we are enclosing with this letter copies of the 1942 and 1943 budgets for comparison.

Within the past year the population of the Town of Wainwright has increased from some 1000 persons to 1550. To provide necessary services to this largely increased population in such essentials as school facilities, scavenging, policing, public works, etc., it was necessary to increase the amount of the mill rate to its present level.

Since there was but little taxable property added to the assessment roll in the year 1943, automatically the increase in the mill rate was required, because council did not deem it wise to levy business taxes at the present time.

Yours truly,

"Mayor & Council"

On motion of Councillor Tory, secretary was instructed to make application to the Calgary Power Company for light services to trailers and shacks on Auto Camp Site, situated on Second Avenue west.

On motion, council was regularly adjourned.

### \$ WHITE CLOUD \$

Miss Fern Gardiner was helping Mrs. T. Tondy with the thrashers last week.

A Thanksgiving service will be held at the Orange Hall next Sunday. School started last Tuesday with most of the youngsters back and several new ones from Battle Creek, Fern, Audrey, and Ada Gardiner. The White Cloud ladies are sponsoring a chicken supper and dance (if the youngsters turn out), the proceeds to go to Mr. Wallace and family of little ones who recently lost everything in a fire. This will be held November 5th.

Keep 'em happy with mail!

## Mrs. Carrie Clark Passes to Reward

After an illness of some weeks, Mrs. Carrie E. Clark, who was one of the original settlers in the district, living for some years at what was formerly Clark Manor north-west of Wainwright, passed away last week at the age of 84 years.

The funeral took place in Calgary on Thursday last, interment being in the family plot in Burnside cemetery. The service was conducted by Rev. J. Rex Brown, at the Leyden funeral chapel.

The husband of the deceased lady, Mr. J. G. Clark, who was one of the principal stock-farmers of the province, later on the staff of the provincial government, predeceased her some eight years ago. In recent years Mrs. Clark made her home with her son George in town.

Surviving are two daughters, Mrs. A. C. Graham of Trail, B.C., and Mrs. A. R. Harper of Orillia, Ont.; two sons, T. O. Clark of Cornwall, Ont., and J. G. (George) of Wainwright. In addition, she leaves a sister, Mrs. Addie Bingham of Ottawa, Ont., and eleven grandchildren, to all of whom the condolences of the entire district are extended in their bereavement.

## Former Greenshields Resident Passes Away

One of the early residents of the district, Mrs. Mary E. McDougall, passed away in Edmonton on October 8th at the age of 78 years.

The deceased was born near Peterborough, Ont., and married Donald A. McDougall there in 1892. They moved to Kinnmount, Ont., where Mr. McDougall carried on his blacksmithing business until 1905.

In that year they moved west with their two sons to what was then Strathcona, N.W.T., and after farming near there for a year they drove with team and wagon for 13 days to their homestead near the present site of Greenshields.

Farming here until 1933 (when Mr. McDougall predeceased her) Mrs. McDougall then sold the farm, and after a visit to relatives in Ontario, she returned to Alberta where she resided since.

Ready at all times to assist in sickness or need, she will long be remembered by the old-timers of the district. Surviving the deceased are her two sons, Harold of Edmonton, and Bruce of Calgary, two grandchildren, one brother (Mr. A. Morrison) and one sister (Mrs. Maria Moore) both of Kinnmount, Ont.

**THE FUNERAL**  
which was held from the United church on Tuesday afternoon last, with the pastor, Rev. A. D. Richard, officiating, and McLeod's parlors handling the arrangements. The pall bearers were Messrs. A. Murray, W. White, P. Patterson, W. Lyle, I. Stauffer and G. Reid. Interment was made in the family plot in Wainwright cemetery.

Marking the esteem and respect of a large circle of friends, the casket was buried beneath floral offerings from: Marion and Bruce, Stanley and Rita, Harold and Nettie, Mr. and Mrs. T. McDougall & Family, Mr. and Mrs. B. Wilson and Mother, Mr. and Mrs. Kennedy, Charlie and Daisy, Norm and Hettie, The Mansfield Family, The Morrison Family, The Vallesau Family, The Plater Family, Mr. and Mrs. A. Murray, Mr. and Mrs. P. Spady, Mrs. J. Hill and Family, Mr. and Mrs. W. White, Mr. and Mrs. A. Kett, Mrs. C. Morissette, Mr. and Mrs. G. Reid and Family, Mr. and Mrs. E. Harrington, and Pilots Association No. 2 A.O.S.

**CARD OF THANKS**  
The Family of the late Mrs. Mary E. McDougall wish to express their heartfelt thanks to all kind neighbors and friends for sympathies in their bereavement; and for the beautiful floral tributes of love and esteem.

On Monday last, the Victory Loan salesman, under the guidance of Alec Adams, unit organizer, started out full of pep for their initial sale to gather in their quota of \$140,000, set for the Wainwright-Irma district.

The result of the first day's sales as reported to the secretary, Mrs. D. Bond, proved the interest which is being taken in the loan, and portend that this district will again go "over the top" in its effort for the Fifth Victory Loan.

So far as Wainwright town is concerned, the bond sellers have determined that every house will be visited during the next three weeks and that no effort will be spared to see that every resident has the opportunity to "Speed the Victory" by getting in line with their spare cash for bonds. Messrs. Schlitt (chairman), Mende, Turner, Baxter, Huntingford, Middlemass, Conroy, J. Mackenzie and Mrs. F. E. McLeod form the Wainwright committee, and these, with their helpers will be giving YOU a call in the near future.

At Irma, a strong committee has been formed too, and these gentlemen under the chairmanship of Mr. W. Masson will without doubt see to it that no one is deprived of the opportunity of "signing on the dotted line" for their territory.

Last minute reports from headquarters in Ottawa show that for the first day's work, the canvassers across Canada turned in sales amounting to \$67,729,450, which is four million greater than shown in the first day's sales for the last Victory Loan.

However, it must be remembered that a daily average of sixty-six and three-quarter million is required to reach the full objective of \$1,200,000,000, so "Speed the Victory" by buying more Fifth Victory Loan Bonds!

## Successful Musicales At United Church

Lovers of good music were given a real treat on Thursday evening last at the United church when the choir of the church assisted by a number of other artists, presented an evening of high musical merit, under the direction of Corpl. Donald Buchan, choirmaster and organist of Fort William, Ont., (who has been stationed at the local military camp.) A number of other "boys in khaki" were also assisting in the vocal numbers.

Mrs. Alex. Gray was in splendid voice with a couple of lovely soprano numbers "Calm as the night" (Bohm) and "To-day" (Huerter), and Sergt. Norman Upper delighted the audience with a couple of well-rendered tenor solos. The singers were heartily encored for their offerings.

Full choral numbers by the augmented choir included such pleasing anthems as "Send out Thy Light", "They that dwell in the land" and the splendid "Gloria" from Gounod's 12th Mass, these offerings all calling forth full praise from their listeners. Mrs. J. Telford was at the organ.

Violin duets, each of which demanded extra, were given by Corpl. J. Zazinski and Mr. Alec. Adams, Mrs. Telford being at the piano. Conducted by Buchan also gave a couple of splendid classical interpretations on the piano.

Two original readings were given by Mr. W. Huntingford, and Rev. A. Richard acted as chairman for the evening.

Following the concert, the singers were all entertained in the church paragon, where a delightful lunch was served and a pleasant hour spent with still more music and song.

## Local Stock Sale Proves Successful

A large crowd from all parts of the province as well as from Saskatchewan, attended the sale at "Glen Rock" Hereford Stock Farm, east of town, where 46 head of high grade Hereford breeding stock sold to the highest bidder. Auctioneers—Lloyd Oxy and Archie Boyce were in charge of the sale and handled everything to the entire satisfaction of all concerned.

Mel Dixon, as clerk of the sale, closed the books in a first class manner without a single error.

H. B. Walker and Son, the owners, donated the first animal sold to the "Milk for Britain" fund, GLEN ROCK CAROLINE—154330—a spring calf which sold for \$100.

The 46 head, including 16 calves, sold for an average of \$152 apiece. Rubstone Beau Baldwin 20th—117213, the senior Herd Sire topped the sale at \$310, going to F. C. Saville of Hardesty, while a bull calf, Glen Rock Beau Baldwin 24th—154329—sold to W. Marquardt of Arltland, Sask., for \$235. E. P. Olson of Edgerton purchased the top female of the sale, G. R. Domino Polly—125723—at \$205.

The Rose Willow branch of the Women's Institute served lunch in a very capable manner, the proceeds going in aid of their war charities.

Herb Walker wishes to thank all purchasers and bidders at the sale, and also all those who so kindly assisted to make the sale a real success in every way.

## Local Ration Board Holds Monthly Meeting

On Thursday evening last, at the offices of the M.D. of Wainwright, the regular monthly meeting of the members of Local Ration Board No. E-22 was held, with Chairman H. U. Taylor presiding. Messrs. Strachan, Ford and Shaw, with Secretary Huntingford were also present.

A report by the secretary showed the enormous amount of work which had been entailed in the issuing of extra rationing coupons for harvest help and threshermen.

The minutes of the previous meeting of the Board were read and adopted as read.

The matter of obtaining more winter-weight clothing, especially for children, was brought up for discussion, and the secretary (in conjunction with the chairman) was instructed to lay this matter before the administration office in Edmonton to learn if anything can be done to alter this condition.

Owing to the approach of winter, and bad travelling conditions, it was resolved that future meetings of the Board be called by the Secretary at the order of the Chairman.

## Big Show at Elite For This Week End

The melodrama "The 49th Parallel" which comes to the Elite theatre for this week end is a picture on a grand scale dealing with the hunting right across Canada of a half-dozen Nazi survivors from a torpedoed U-boat. It is truly a top-notch adventure theme and holds the attention right through the hunted men, after escaping from Hudson's Bay, capture a trading post, and later, after shooting eskimos and airplane pilots, escape again in patrol planes.

Following a travelogue scheme which takes them into the United States and back to Canada, they are finally all outwitted and in a fist fight are captured and interned.

It is truly an exciting story, and played up to the full by a long list of top screen stars, and playgoers may rest assured of a full evening of exciting entertainment by making this feature a "must" for Thurs., Fri., or Sat. of this week.

## Wain. M.D. Council Dispose Many Properties

The Council of the Municipal District of Wainwright No. 392 met in the Council Chamber on Thursday, October 14, 1943. A full Council was present as follows: Cirs. Fahner, Strachan, Sutherland, Spencer, Dixon, Taylor and Archibald. Reeve Sutherland was in the chair.

## Wainwright Municipal Hospital Dist. No. 17, Province of Alberta Re Collections

ALL persons indebted to the above Hospital Board are required to settle up their outstanding accounts at the earliest possible moment, and thus assist in keeping down expenses (which can only otherwise be met by an increase in taxes).

In these strenuous times, the use of gasoline, and other car expenses for collections becomes prohibitive, and unless every effort is made to reduce these accounts at once, drastic measures will have to be taken for such collections.

Help the hospital to continue to give you Full Service by thus assisting to reduce costs of operation.

## Hints for the Household

**Ripe Peach and Plum Jam**  
3½ cups prepared fruit  
4½ cups sugar  
1 box powdered fruit pectin

To prepare fruit, peel about 1½ pounds fully ripe peaches; pit and grind or crush thoroughly. Pit (do not peel) about 1 pound fully ripe plums. Cut in small pieces and crush thoroughly. Combine fruits.

Measure sugar into dry dish and set aside until needed. Measure prepared fruit into a 5-6 quart kettle, filling up last cup or fraction of cup with water if necessary.

Place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard ball. At once pour in sugar, stirring constantly. (To reduce foaming, ¼ teaspoon butter may be added.) Continue stirring, bring to a full rolling boil and boil hard 1 minute.

Remove from fire, skim, and pour quickly. Paraffin hot jam at once. Makes about 8 glasses (8 fluid ounces each).

\*2½ cups light corn syrup may be substituted for 2½ cups of the sugar.

### ALL THE LEMON

**PIES YOU WANT**  
Perhaps in all groups, the favorite of favorites is the Lemon Meringue Pie, and by taking three tiny precautions, every cook can be sure of serving such a pie with a flaky crust, a fragrant fresh filling, and a tender, easy-to-cut meringue. First, be sure to add lemon juice and egg to the pastry mix; second, cook filling first, then add freshly squeezed lemon juice after removing from the stove; third, add a little lemon juice to the meringue. Here's the full recipe:

#### Lemon Meringue Pie

3 cups sifted flour  
1 teaspoon salt  
1 cup shortening  
1 slightly beaten egg  
3 tablespoons lemon juice  
Ice water

Sift flour and salt together. Cut in shortening. Add egg, combined with lemon juice. Add gradually just enough ice water to bind dough together. Roll pastry out thin and line pie plates. (This recipe makes three 8-inch single pie shells. Keep unbaked dough in refrigerator until needed.) Bake in hot oven (475 deg. F.) for 15 minutes.

For filling, use:

1 cup water or milk  
¾ cup sugar  
¼ teaspoon salt  
1 teaspoon grated lemon peel  
5 tablespoons cornstarch  
½ cup cold water  
2 well-beaten egg yolks  
1 tablespoon butter  
6 tablespoons lemon juice

Bring water or milk, sugar, salt and lemon peel to a full boil in sauce pan on direct heat. Add cornstarch, blended with ½ cup cold water. Cook over low heat, until thickened (about 5 minutes), stirring constantly. Remove from heat. Add separately, mixing well after each addition, the egg yolks, butter, and lemon juice. Pour filling into baked pastry shell.

When filling is cool, top with a meringue, made from:

2 egg whites  
4 tablespoons sugar  
1 teaspoon lemon juice  
Beat egg whites until frothy. Add sugar gradually. Continue beating,

but only until egg holds its shape in peaks. Fold in lemon juice. Brown pie in moderate oven (325 deg. F.) for 15 minutes. Makes one 8-inch pie.

### GRAPES ARE RIPE FOR

**JELLY AND JAM!**  
Grape Jelly

(Makes about 11 medium glasses)  
5 cups juice  
6½ cups sugar  
1 box powdered fruit pectin

To prepare juice, stem about 3½ pounds fully ripe grapes and crush them thoroughly. Add 1½ cups water bring to a boil, and simmer, covered, 10 minutes. Place fruit in jelly cloth or bag and squeeze out juice.

Measure sugar into dry dish and set aside until needed. Measure juice into a 5-6 quart saucepan.

Place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard ball. At once pour in sugar, stirring constantly. Continue stirring and bring to a full rolling boil and boil hard ½ minute. Remove from fire, skim and pour quickly. Paraffin hot jelly at once.

\*¾ cups light corn syrup may be substituted for ¾ cups of the sugar

#### Concord Grape Butter

4½ cups pulp  
7 cups sugar  
½ bottle fruit pectin

To prepare fruit, stem about 5 pounds fully ripe grapes and crush thoroughly. Add ½ cup water, bring to a boil, cover, and simmer 5 minutes. Separate juice from pulp by placing hot fruit in 2-quart sieve. Run enough juice through a double layer of cheesecloth held in a small sieve to obtain 4 cups strained juice. Use for making grape jelly or grape juice. Rub grapes, from which the juice has been drained, through sieve to obtain pulp.

## FARM NOTES

### PREPARING ROOSTERS FOR MARKET

High quality market poultry can be produced more economically and brings higher prices than a mediocre product. The producer has nothing to lose and everything to gain by giving his market stock the advantages which they require to develop into "A grade", says H. S. Gutteridge, Poultry Division, Central Experimental Farm, Ottawa.

Except in the case of capons, which if well fed and managed, should be sufficiently fat and soft fleshed when killed directly off range, all market poultry should be crated or pen fattened. Crate fattening is the more efficient method. Under conditions where suitable accommodation for crate fattening is not available or where for other reasons crate fattening is not practical, pen fattening is a good substitute. While it is possible to produce birds sufficiently fat to enter the higher market grades by pen fattening, it is not possible to produce the quality of texture and softness of flesh so characteristic of crate fattened birds by this method.

The choice of fattening feeds is of great importance. Unlike growth and egg production, where very exacting requirements for minerals and vitamins must be met, all or most of the necessary ingredients of a fattening mash are available on most farms. The selection of the most suitable of these feeds, taking into consideration their cost and availability is a matter for the judgment of the individual operator based on sound information as to the comparative merits of different feeds. Almost equally important with use of the proper feeds is feeding management which exacts more of the operator's attention in the fattening process than is the case with other poultry feeding operations. Management of the birds other than feeding must also be given some attention if success is to be achieved.

All of the above mentioned matters as well as many other factors important to successful preparation of poultry for market, are considered in detail in a publication entitled "Fattening Poultry for Market" which is available without charge from the Dominion Department of Agriculture, Ottawa. The prospective producer of market poultry will find it profitable to make himself acquainted with the subject of fattening poultry for market through the medium of this publication and to give the production of quality dressed poultry the attention which it deserves.

### CHILDREN'S FEARS

"Children should develop many cautions, but few fears," S. R. Laycock, Ph.D., educational psychologist at the University of Saskatchewan, and educational director of the National Committee for Mental Hygiene (Canada), says in an article contributed to HEALTH, the publication of the Health League of Canada.

Writing on the subject of "Children's Fears", Dr. Laycock says "Fears are a handicap in modern life."

Fears are not inherited, but home-grown, and result from experiences in home, school and community, according to the author. Some fears result from associations. Fears are built into some children by ghost stories and other frightening yarns. Many parents, Dr. Laycock regrets, deliberately build fears in their children to control them. It is a bad practice, he says; as bad as the practice of mothers using the father as a threat to control children.

Children are apt to "catch" the fears of their parents, too. Investigation has shown there is a definite correspondence between the fears of parents and their children.

Feelings of incompetence and weak ness and of emotional insecurity are other causes of fear. If a child's basic needs for affection, belonging, independence, social approval, self-esteem and achievement are not met, he is likely to have fears.

Scolding, punishment or ridicule will not help children get over fears, Dr. Laycock says. He counsels parents to set an example of fearlessness improving children's self-reliance and their skills and knowledge.

"Don't forget that fears are often a general symptom of a child's lack of emotional security at home," the author cautions. "Be sure his basic needs are being satisfied."

### Twelve Vessels Sent Down The Ways

H.M.C.S. Dundurn, one of many tankers being built under Canada's wartime shipbuilding program, is shown above as she slides down sideways into the water, in the yards of the Canadian Bridge Company at Windsor, Ontario. The launching of the Dundurn was one of twelve which took place on "Ships For Victory" day, to mark the christening at Halifax of H.M.C.S. MICMAC, first Tribal destroyer, and largest war vessel ever launched in the Dominion. At Lauzon, Que., the frigate H.M.C.S. Toronto was launched, followed by the 10,000-ton freighters Fort Lennox, at Sorel, Que., and Fort Esperance, at Montreal. At Trenton, on Lake Ontario, and Owen Sound, on Georgian Bay, Navy tugs were sent down the ways: the CT-82, the CT-46 and H.M.C.S. Glenora. Toronto put two fighting vessels into the water,

the Algerine minesweeper Regulus for the Royal Navy, and the patrol ship Q-112 for the Canadian Navy. The dramatic series of launchings was concluded at Victoria with the christening of the frigate H.M.C.S. Orkney. More than 625 vessels have now been launched in Canada since the beginning of the war, including naval ships, freighters, and special boats. The 12 launchings were part of the production schedules of but a few of the twenty-one major shipyards, and sixty smaller boat building organizations in the Dominion. The fact that Canada, a nation with practically no shipbuilding industry before the war, can now launch 12 ships, all but one steel vessels, in a single day, indicates the importance she has attained among the world's great shipbuilding nations.

## Tremendous Response Given C.W.A.C. Pipe and Brass Bands on Tour

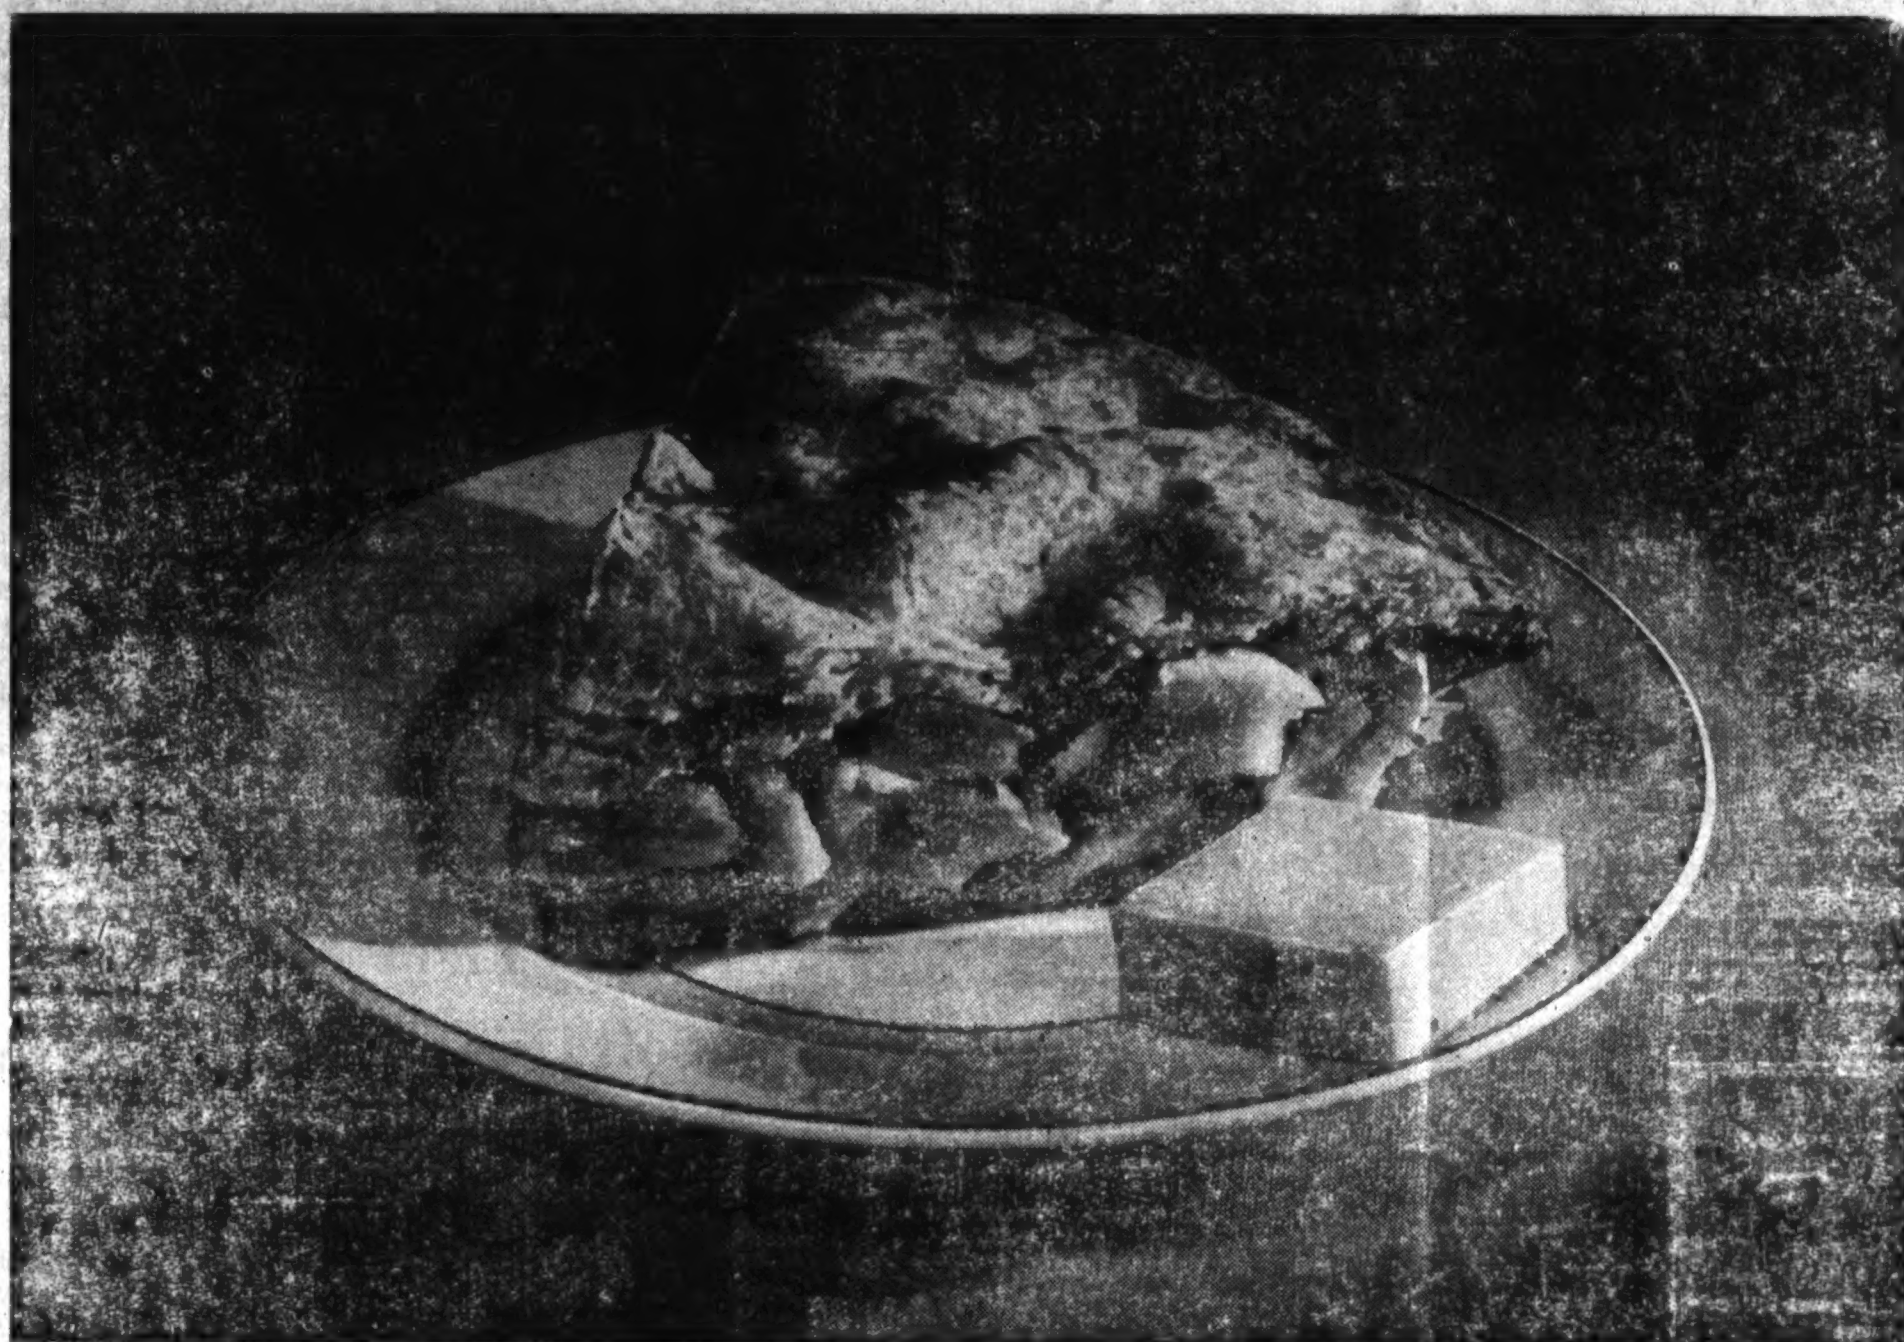

Around the corner and down the street come members of the unique and popular Canadian Women's Army Corps Pipe Band and the C.W.A.C. Military Band, the latter the only all-girl active force band in the British Empire. Stirring tunes of the pibroch and brass as played by women drew tremendous audiences on their eastern tour. TOP the pipe band open the Western tour at Winnipeg, September 27. TOP, is the pipe band on parade during their visit to Halifax. Pipe Major Lillian Grant, of Victoria, B.C., leader of the band is at the left of the front row. Bandmistress Nadia Svarich of Vegreville, Alberta, is pictured at the left in the LOWER photo marching with the military band in Halifax.

## "George" Gets Sentry Duty

Sweating under the Sicilian sun, "George" does guard duty outside battalion headquarters of the Royal 22nd Regiment somewhere on the former Italian island. With him is Sentry Pte. Traffic Codeau, of Rimouski, Que. "George" made the trip from England to Sicily with Canadians, still prefers English mutton to Sicilian grapes.

## We both like *Apple Pie and Cheese!*

• We of Canada and the United States are the world's outstanding example of "good neighbours".

We are unique in our understanding of one another, in our mutual confidence, in our fellowship.

And the things which make us good neighbours are as basic as our common liking for apple pie and cheese.

*We speak the same language.*

*We enjoy the same jokes.*

*We sing the same songs.*

*We play the same games.*

*We work and worship to the same ends.*

One of us flying the Union Jack, the other the Stars and Stripes, we both nourish deep in our hearts the same concept of freedom, the same human ideals. And we share an indomitable determination that no one shall ever take them from us.

Today our soldiers fight side by side in all parts of the world. And our citizens work shoulder to shoulder to supply them and support them in their grim task. We of The House of Seagram are proud that our great plants in Canada and the United States are manned by thousands of Canadians and thousands of Americans working together... engaged 100% in the production of high-proof Alcohol for War.

THE HOUSE OF SEAGRAM

Alcohol for War is used in the manufacture of Explosives, Synthetic Rubber, Drugs, Film, Lacquers and Varnishes, Navigation Instruments, Shatterproof Glass and many other products.

## New Lancaster To Fly Film Overseas To Be Shown To R.C.A.F. Audiences

Ace train buster, Flying Officer D.M. "Bitty" Grant, D.F.C., left, of Watrous, Sask., and his colleague in operations over Europe, Flying Officer J. A. Morton of Didsbury, Alta., will soon be seeing themselves in action. The first Canadian Lancaster, being launched next week, will carry a print of the National Film Board's latest movie, "Train Busters", as part of its cargo to England, where airmen participating in the filming of the picture will be among the first to see it on the screen.

Edited by the Film Board in Ottawa and being released here in the Canada Carries On series, "Train Busters", the story of the airmen whose targets are Hitler's rail lines and engines, was photographed by R.C.A.F. cameramen overseas. The film shows Grant and Morton, members of the R.C.A.F. Army Co-operation squadron at work, harassing enemy controlled rail traffic, blocking rail lines and sending Axis engines to repair shops and junk heaps. These train-busters are playing a mighty role in total Allied strategy. As the commentary of "Train Busters" relates, "their tactics are ground-strafing; their purpose, to destroy German coastal shipping, military supply columns and railways; in short, to paralyze the whole network of German communications."

## "Canadians Magnificent" Says Montgomery

"I know well the fighting men of Canada. They are magnificent soldiers and the long and careful training they have received in England will now be put to good use to the great benefit of the 8th Army". This was the greeting accorded Canadian troops joining the British 8th Army for the Sicilian campaign by the fighting 8th's famous leader, Gen. Sir Bernard L. Montgomery, shown here (left) with Gen. Sir Harold Alexander, Deputy Commander-in-Chief of Allied forces in North Africa.

## FARMERS AND FARM WORKERS

If Your Farm Work has Slacked for the Winter, You Are Needed Elsewhere in Essential Employment

Highly essential work—very important in Canada's war effort and for the welfare of the Nation—is threatened with shortages of workers. One of the few sources of men available for other high priority jobs is those men on the farm who will not be needed at home during the Fall and Winter. Heavy needs must be met in many lines—producing vitally essential forest products; in base metal and coal mining, in food processing, in railway track maintenance. If you live on a farm and are not needed at home during the Fall and Winter, you are urged to answer this national appeal.

Farmers engaged in essential work during the off season will be allowed to return home when needed. Also, those on postponement under Mobilization Regulations will continue on postponement while in approved essential work during the slack season on the farm.

Please answer this vital call NOW.

## Page From A Primer

Q.—What is the Fifth Victory Loan?

A.—It is another opportunity for Canadians to put their money in to the fight for Victory.

Q.—How will my money help win Victory?

A.—It will supply the vital weapons of war needed by our troops overseas.

Q.—How will I benefit personally?

A.—You will be saving your money (with interest) for the post-war period when you may need it more.

Q.—How much should I spend on bonds this time?

A.—At least as much as last time. Every cent you can possibly spare—and a little more.

## GERALD

School opened on Tuesday, Oct. 12, with Mrs. A. Hamilton as teacher. Miss Marion Baker of Viking was a visitor at her home here for a few days last week.

Mrs. L. Myggland left on Friday morning to spend the week end in

Edmonton.

Miss A. Dewar has resumed her teaching duties at Plaxtonville.

Two sales will be held in this district soon: That of Mr. G. Kenny on Oct. 21st, and of Mrs. G. S. Baker on Oct. 27th.

The October meeting of the Gerald Victory Club was held at the home of Mrs. G. S. Baker with 15 members

and 1 visitor present. Mrs. Baker presided. Roll call was answered by "thanking hints". Election of officers was held at this meeting and the following officers were elected: Pres., Mrs. H. Deyell; Vice Pres., Mrs. S. Cooper; Sec., Miss A. Ender. The gift of the month was won by Mrs. D. Rattray. Mrs. Borch was in charge of a novel contest which was won by Mrs. G. Murray.

Mrs. Baker served a delicious lunch to all present. Then a souvenir of Wainwright was presented to her by the members of the club as a token of appreciation and esteem before she leaves the community.

## TEN YEARS AGO

Mr. Jack Stipert and Mr. E. Davignon were in Edmonton last week to attend the funeral of the late Mr. F. Spence.

Mr. Link received serious injuries to his hand last week when he plunged it into a pail of hot tar which he had mistaken for sand.

Jack Carroll is now the proud possessor of a big new truck.

Miss Della Pollard of Fabyan left last week for a visit to friends in Winnipeg.

An exciting tennis tournament took place between Ribstone and Wainwright last Sunday, with Wainwright victorious, winning the "Cork" tournament. The match was won by Ribstone and Mr. Eldon Rudd of Wainwright.

## FIFTEEN YEARS AGO

Miss Mabel Prosser and Miss Burger of Edmonton spent the week end with Mr. and Mrs. W. Prosser in town.

Mr. Walter Alexander of Battleview had the misfortune to lose two granaries and a large quantity of grain last week. Mr. Lissom Blason also lost a granary and grain by fire.

Monday last saw Mrs. Eva Turner and family moving into their new home on Fourth Avenue east.

Mr. and Mrs. P. D. Laird moved in to their new home on Fourth Avenue last week while Mr. and Mrs. J. W. Daugherty will occupy their former residence.

Mr. Felix Currier of Buffalo View purchased a new Pontiac car last week from the Dupre garage.

A wedding of interest took place in Peace River on September 28, when Miss Eunice F. Orr of that town became the bride of Mr. Dudley Sawyer of Edgerton.

## EDGERTON

The 113th Victory Wheel draw resulted in a win for Don Pawsey with No. 11.

School opened Tuesday the 12th, with the large enrollment of 106 pupils.

A carload of scrap iron was recently shipped from here.

The list of local boys serving overseas is ever increasing. Last week, cigarettes to the value of \$44 were sent over.

The dance advertised for last Wednesday was cancelled owing to the poor condition of the roads, but was held after all. Several carloads of folks not having heard of the cancellation turned up, and rather than disappoint them, the organizers got the Orchestra together and got the hall ready in short order and had quite an enjoyable dance.

Seth Oldham and family have moved into town and are living, for the time being, in the old Vale Municipal Office. Seth is driving one of Norman Miles' trucks.

Mrs. Wetherell returned Thursday from Bon Accord where she had been to visit her father, Mr. J. J. Brown, who we regret to say passed away while she was there.

Mr. and Mrs. Gilmour and Jim left Thursday for the city for a few days.

Howard Nichol had the misfortune to have his car run off the Highway into the deep ditch, owing to a broken tie-rod. Fortunately he was not hurt, but the car was quite badly bruised up.

Geff Miles and Les Darby were business visitors to the city.

Charlie Fisher has been busy moving the building which Mr. Boyd used as an office. Mrs. Harvey Spornitz having purchased it and moving to the north end of the Village.

Kevin Wolff and Bob Groves, both of the R.C.A.F., are at home on leave.

Several of the local ladies were busy last week packing and dispatching Christmas parcels to the Edgerton boys overseas. Twenty-two parcels were sent.

Mr. Sid Pawsey is having a deep well drilled at his residence.

St. Mary's W.A. held their regular meeting at the home of Mrs. R. King last Thursday.

## GREENSHIELDS

Mr. and Mrs. Fred Podmore (nee Betty Barnett) visited Mr. and Mrs. Robt. Barnett for a few days last week.

Mrs. R. G. Morrison spent the week end in Edmonton with her hus-

band, Capt. R. G. Morrison. Mrs. J. A. Patterson returned to Edmonton after a short visit with her mother, Mrs. McIntee.

Mr. and Mrs. H. McDougall of Edmonton and Mr. and Mrs. B. McDougall of Calgary were over to attend the funeral of Mrs. D. A. McDougall.

Mr. J. Rabby was home for the week end.

Miss Doris White and Mr. Wm. Daniels are again attending Wainwright High School this term.

Miss Muriel Hill left to take over her duties as teacher of Battle Heights school.

A large crowd attended the C.C.F. dance held in the hall on Friday evening.

Mrs. Rufus Carl returned home from the Wainwright hospital on Saturday.

Cpl. L. Carl spent a few days with Rufus last week.

Mr. Logan of Kitchicow was a Sunday visitor at the Stenson's.

Weather permitting, a meeting of the Greenhills Ladies Aid will be held on Thursday, Oct. 21st, when arrangements for holding a bazaar will be discussed.

Mr. James Steenson travelled to Kitchicow on Sunday to drive home the Dodge car which he recently purchased.

## HEATH

Sunday was Rally Day at the Heath Gospel Mission and there was a large attendance at the meetings during the day and evening. Mrs.

Sitch of Calgary was present as the guest speaker. Her talks were illustrated by motion pictures of travels through war areas of Russia and Africa.

Lee and Lyn Herbert have started school at Heath and are staying with Mr. and Mrs. Joe Touchette in order to be near school.

Mrs. Mockford left on Monday's train to spend a few weeks at the home of her daughter, Mrs. Geo. Davis in Edmonton.

Mr. Bert Ford is spending a few days at Calgary.

Leo, Measer was a tripper to Edmonton over the week end.

Mr. and Mrs. Hughes enjoyed a visit from Mr. and Mrs. W. Hughes and family.

Mr. and Mrs. Johnson and D. John son, Mr. and Mrs. Irving and family and Orvil Yonts all of Provost on Sunday.

Mrs. Fred Ford left on Sunday night's train to visit her mother at Fort Garry, Indians, U.S.A., and on return trip plans to visit in Winnipeg.

## WEDDING BELLS

## JOHNSON-MORRISON

At the Wainwright United church on Thursday evening last, Miss Maude P. Morrison of Victoria, B.C., became the bride of Mr. Chas. R. Johnson of Nelson, B.C.

The pastor, Rev. A. D. Richard, performed the ceremony before a few witnesses, and the happy couple immediately left to spend a short honeymoon in the East.

## YES, WE'LL DO IT!

If thoughts of our peaceful Alberta countryside and the contrast of devastation in war-torn, faraway lands does not impress you:

If the freedom available to us arouses no emotion in you breast:

If you do not thrill to the mighty war effort of countless Britain, massive Russia, dynamic United States, fiery Australia, gallant New Zealand, South Africa, India and our own great Canada:

Well, then, buy a war bond for the sake of our own Alberta boys who are on the battle line!

They have gone from the far Peace River lands, from the mountains and rolling foothills, the park lands and short grass plains.

They've gone from Pouce Coupe and Bon Accord, Three Hills and Seven Persons, Veteran and Loyalist, Blackfoot and Peigan, Fort Saskatchewan and Athabasca, Iron Springs and Gramsy Lake, Milk River and Battle River, Silver Heights and Golden Meadow, Whiskey Gap and Rocky Mountain House, Hanna and Hilda, High River and High Prairie, Drumheller and Bassano, Red Deer and Elk Point, Cardston and Carmangay, Stettler and Strathmore, Elnora and Roselind, Chinook and Condor, Azure and Paradise Valley.

They've gone from Orion and Hespero, Vermilion and Purple Springs, Claresholm and Hazeldine, Innisfail and Innisfree, Empress and Throne, Smoky Lake and Lac La Biche, Rosebud and Little Den, Viking and Valhalla, Banff and Brooks, Spirit River and Ghost River, Pincher Creek and Manyberries, Peacock and Owlseye, Warapite and Makepeace, Westlock and Wainwright, Bentley and Big Valley, from Edmonton, Calgary, Lethbridge and Medicine Hat; we cannot name them all.

Thousands of farms, every hamlet, town and city have sent their young men. In the air, on the sea and on the land fronts these boys from our own Alberta are fighting bravely with the bravest. They are our boys—our farm boys, town boys, city boys.

Guess we'd better buy plenty of war bonds for the sake of our boys!

## HELP FOR CHINESE ALLIES

Our gallant Allies, the Chinese people, **BADLY NEED HELP!** For seven long years, China has been holding in check the greater part of the military strength of Japan. China has lost more men in killed and wounded in this war than all the other Allied Nations, including Russia, put together. The Chinese, by fighting Japan, are defending Canada today just as truly as though they were fighting in Canada alongside of us, but our gallant, patient and courageous friends now need help; the condition of millions of them is pitiful. They badly need medical supplies and comforts. They need

food for the millions of refugees who have escaped from Japanese-occupied territory into Free China, and, to add to their plight, China is now suffering over a large area from a severe drought, which is bringing famine and untold miseries in its wake.

It takes money to buy the things the Chinese people so urgently need, so they are appealing to the Canadian people for help through the Chinese War Relief Fund. Bank Managers, Elevator Agents and others throughout the West, are empowered to accept donations for this fund. It is one of the worthiest appeals ever made to Canadian people. The smallest sum will be gratefully accepted. Let each of us, therefore, give as generously to this fund as he can afford to do. As little as ONE DOLLAR will help to save a life.

## ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

Crops in the drought area of south eastern Alberta and southwestern

and south-central Saskatchewan are deteriorated to some extent. — Mexico officially forecasts a wheat crop of 11,025,000 bushels, compared with 15,326,000 bushels in 1942. — Australian wheat acreage will be reduced still further this year, with preliminary estimates indicating an area of 9,000,000 acres compared with 10,900,000 acres in 1942.

U.S. spring wheat is reported in good to excellent condition. — Argentina is expected to increase wheat acreage from 16,812,000 acres in 1942 to approximately 18,000,000 acres this year. — Turkey's 1942 grain crop amounted to 5,872,698 tons. Production this year is estimated at 7,550,000 tons.

## BEAUTY IN THE FALL

Now that Fall is here, many of us find that the sun tan that added so much to our appearance in the summer is a definite drawback. It doesn't suit Fall clothes.

Here, then, is a bleach that will help to erase your tan. Mix some lemon juice with four times as much glycerine. Stir in enough powdered starch to form a paste. Cover face and neck with this paste, using a soft cloth, and allow to remain on until dry. Wash off gently with a solution of lemon juice in hot water, rinse with cold water and finally dry with a soft face cloth.

If you cannot obtain glycerine, get some milk of magnesia, pour into a saucer and stir in a tablespoonful of lemon juice. Apply thickly, leave on for thirty minutes, then wash off with tepid water, rinsing finally with cold.

Another point to bear in mind is that the sun and dry weather have tended to take away some of the natural oil from the skin. And because this natural oil helps to keep the skin resilient and discourages wrinkles, you must give your skin special care in the Fall months.

Every day wash yourself regularly with gentle palmolive soap, which gets its goodness from these age-old beautifiers, olive and palm oils. At the same time, help to nourish the skin by creaming often. Use lots of delightful Three-Purpose cream during the day, and at night just before bedtime massage it well in.

I am always happy to hear from readers and will gladly give confidential advice in your personal beauty problems. Write fully, and enclose 4 one-cent stamps for my interesting booklet on Beauty Care. It is crammed with helpful hints. Address: Miss Barbara Lynn, Box 75, Station B., Montreal, Que.

the Prices Board decision to cut out the hot dog "roll"; it was even rumored that public indignation was causing the Board to reconsider its decision, but that was promptly denied by the Board—one of the few times it has come out publicly to bother denying vague rumours.

Among the vast, sprawling temporary buildings which the war has brought to Ottawa one finds that Munitions & Supply occupies a considerable part with thousands busily engaged in this important activity. M & S as it is known here, sounds hum-drum, unimportant, but it has a tremendous job. Takes just the purchase of food for the armed forces alone—one item, I am told that for the first five months of 1943 this department negotiated the purchase of 22,000 tons of meat; 41,000 tons vegetables; 16,000 tons bread; 3200 tons butter; 7,250,000 dozen eggs; 800 tons coffee and tea; 4000 tons evaporated milk. See how it's growing, compare the 22,000 tons of meat for 5 months as against the total of 32,500 for all of the year 1941.

Picked up here and there: Canadian soldiers at Klaka wore the bucket

type United States army helmets. — The new National Coal Conservation Committee has, representing the small consumer, a woman, Mrs. W. E. West, Director of women's Voluntary Services, whose job it will be to pass on to Canadian women findings of the committee on such things as how best to prepare the home for cold weather, furnace firing to get best results, etc. — In war industry women are now performing 70% of the operations in manufacture of machine guns, comprise more than 80% of those employed in instrument factories, are over 27% of the 86,000 aircraft workers. — 15,000 tons of wheat go out to Greece every month as a gift of the Canadian people.

Mr. Churchill's reference to Russia in his recent Canadian radio talk prompts me to gather a few items of interest. Of the billion dollar gift to Britain last year, supplies to the value of 61 million dollars were transferred to Russia. Canada has also sent Russia more than 1400 Canadian tanks, 2000 Universal Carriers, naval guns, Bren guns, anti-tank weapons, small arms, machine tools, clothing, etc., to a tremendous figure; also a

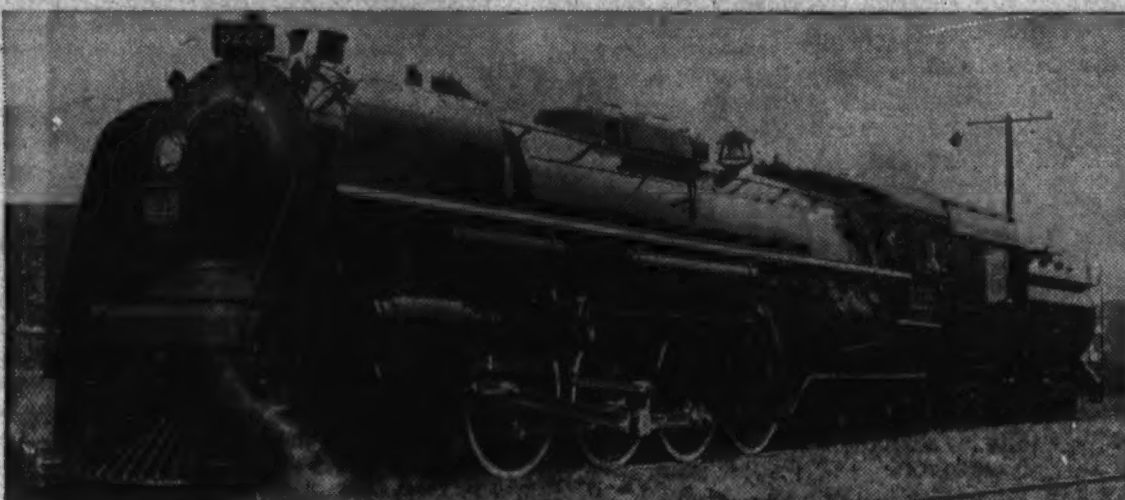

ten million dollar credit for wheat and flour, and the people contributed millions to the Red Cross fund for Russian Relief and the Canadian Aid to Russia Fund. Our friendship for Soviet Russia has been translated in deeds.

Fall Fairs will have a new kind of exhibit this year, a wartime feature as educational, as colorful, they tell me at the Wartime Prices & Trade Board Information office here. Arranged by the Consumers branch, the display will be dominated by a color chart showing comparative prices in this war and World War I. An enlarged Gulliver poster portrays the part women are playing in price control. Rationing and conservation will be described pictorially in a table display. Wherever a Prices Board booth there will be an officer of the Consumer branch from that community prepared to answer questions.

House members on the War Expenditures Committee will be back in Ottawa to start work on September 13. The spade work is done by sub-committees and in the past two years has already turned in some searching

## Big Fleet of New Locomotives for War Duty

**H**EAVER wartime freight and passenger traffic on lines of the Canadian National Railways calls for more power and R. C. Vaughan, Chairman and President of the National System, has welcomed the delivery of the first of 30 powerful 6,200 class, Northern Type, locomotives. This new 6235 is already in service carrying war freight needed by the armed services, and as each succeeding engine is received it will be promptly broken in for war duty. These locomotives are really "monsters," being 94 feet 9 1/2 inches overall and weigh 677,890 pounds in working order. They carry 11,600 gallons of water and 18 tons of coal. A feature of these engines is a wartime substitution of steel plate bells manufactured in the company's Montreal shops, for the traditional bronze bell, the bronze being required for war needs. Mr. Vaughan, inspecting the first of new engines, sat in the driver's seat as F. G. Pike, the driver, explained the use of the instruments.

OUR FIGHTING FORCES are now definitely on their way to Rome, Berlin and Tokyo.

True it is that the roads they must travel may be long and tortuous with death and danger lurking at every turn. The going may be slow and tough but, with steady though heavy step, our men will trudge every mile with grim determination, yet with inspired enthusiasm—for Victory is in sight.

To make easier and shorter the way for these, our gallant fighting men, is the part and privilege granted those who remain behind. That we may encourage them and lighten their task by our unstinted efforts to speed the needed equipment. That we may by our self-denial make available the monies needed to assure their superiority in air, sea and land. Thus shall we make smoother the ways, and shorten the days, towards the triumphal entry of our fighting men into Rome, Berlin and Tokyo.

**YOUR BANKS** are more extensively regulated than any other Canadian business.

Canada's ten Chartered Banks are subject, under the Bank Act, to the most thorough-going regulation. For instance:

The annual audit—conducted by Chartered Accountants appointed by the banks' shareholders—is submitted to the Department of Finance. The Department may call for further special audits, and in addition maintains regular inspections of the banks' affairs through the Inspector-General of Banks, who is obliged by law to examine the banks' books at least once each year.

Then there are monthly returns to both the Department of Finance and to the Bank of Canada. The Minister may also call for special returns at any time.

All this in addition to the Bank Act's extensive regulations covering such phases of banking operation as reserve requirements, types of transactions permitted, interest rates and note issue.

I'd never have believed I'd feel that sad at doing considerable travelling but here we are for a spot the boys call 'censored port' and it's the first time since I was a nipper that I've felt sort of blue.

Of course there is a reason for it, but when I think about the last couple of weeks and what is stacking up in the future, I can't help but believe that what happens from now until the war is over can't happen too fast so we can get back to living our own kind of lives. And believe me, pal, I'm going to do my share to hustle the day when we can get those Nazis and those little yellow tramps yelling uncle.

We got embarkation leave the other week end, but before it comes up the Boss and Miss Edith come up and visit me at the camp and we make plans for the wedding.

Then as soon as our leave comes up I high-tail it back for the ranch after spending a day around Calgary buying a few things I need and especially a wedding ring.

That last particular item takes more than a little time on account of I figure it's the only one I'll ever be buying and I might as well do it right.

You can figure I'm rocked back on my heels when I get down to the ranch and find my captain, the padre and ten of the boys from our unit there.

The boss grins and says he fixed it because he didn't figure a fellow from his spread who was a soldier should get married without a right and proper military wedding.

It's The Wedding Day  
Well, the next day is the wedding day and I can't sleep all night for sort of worrying about it all.

I get up before the sun is up and pull on an old pair of boots and trousers that I'd left in the bunk-house, figuring I'd go down to the corral and borrow somebody's pony and ride a spell.

You can figure I'm plumb surprised that when I get there I find my old paint pony at the gate and my own saddle and bridle hanging on the top bar of the fence.

The little ole pony hasn't forgotten

me at all and he seems plum pleased to see me home again.

I saddle up and we start meandering up the valley.  
We strike a hillside just as the sun comes over the brush on a nearby knoll and right off I remember that it was on this very same hill that I was sitting months back when I made up my mind to join the army. I can't help but think about all that has happened in that time—what I've learned, the swell fellows I've met in the army, and how things are sort of looking up for me all the way round.

I swing my foot over the saddle horn and roll me a smoke and just sit and look over the country. It's sure a mighty fine spread and just the kind of place that is worth looking for.

Finally I turn old Paint for home. Well, when I get back all the boys are just getting around, but there is some of them that must have been up for quite a spell. They've got my uniform all laid out on my bunk and you never saw the buttons with such a shine in all your born days.

We all go into breakfast but I'm not much on eating because my stomach is just a little nervous. You can just bet the way I get kidded about it.

### We Start For Church

After a spell we start out for the little church in the town near where the ranch is located. The Boss and I are the last to leave, but before we go, he tells me that he wants to talk for a spell.

"Johnny," he says, "You know that I've no boy of my own, and for quite a spell I've been hoping to sort of sit back and take life easy. What with the war and young men needed to fight and the mighty big need for foodstuffs, I'd feel a slacker if I backed off right now, so I'll carry on. The thing is, though, that this war isn't going to last forever and some day soon I want to be able to sit back and rest. I've thought it all over and figure I need a partner—you. So, my boy, from now on you're half owner of the spread—just a wedding present from me to you and Miss Edith. When you get through with the job you're doing now, you can hustle

doesn't cry at all.

"Take care of yourself, Johnny," she says. "And do come back soon."

The Boss shakes my hand.  
"Son," he says, "this war can't go on forever because there isn't a combination in the world that can beat the Allies and the cause they're fighting for. It may be a tough grind and it may be quite a spell, but some day not too far away I'll have your wife here on the platform to welcome you back."

They yell "All aboard" and we climb onto the train.

The last thing I see is the wife waving her handkerchief and the Boss waving his battered old Stetson as the train pulls out.

That's why I'm a little sad. It was hard saying goodbye to folks like them but they're the kind of folks us young fellows have to make sure aren't going to be pushed around by some dirty Nazi or Jap.

That's why we've got a job to do—a mighty big job—and that's why we've got to hustle up and get it over with quick.

Then it'll sure be nice to head back home.

THE END.

### CONTINUATION OF

WEEKLY ED. SEES OTTAWA

Continued from page 6

reports on many phases of the war effort. I talked with the Chairman recently, Hughes Cleaver (Liberal, Halifax) and he feels the committee has a tremendously important function, and he likes the way members of all political affiliations get together around the committee table and dig into a job. He is a devotee of canoeing, lots of sunshine and his tanned, brick red face shows he's stored up lots of energy for the work ahead. There are 24 Members of Parliament on the Committee.

The Bureau of Statistics here states Canada closed its 1942-43 crop year with a carry-over of 601,500,000 bushels of wheat—121 million bushels greater than the previous record, carry-over up to July 31, 1941. You know an unusual feature this past crop year was the fact that almost a third was carried over on the farms. An outstanding development was the use of wheat for animal feed and by distilleries for industrial alcohol. It is interesting to know that in the past crop year, too, the people of Canada only consumed about half as much wheat as went into animal feed and alcohol production. It was estimated that nearly 8 million bushels of wheat were used for alcohol production, making 14 million gallons.

Russell Smart, real property administrator here, has warned that if the pressure continues on areas where there is a shortage of housing it may be necessary to consider regulations restricting movement of families to these areas. Of course you all know "deficiency housing areas" exist in such places as Halifax, Ottawa, Toronto, Vancouver, Victoria. This is an appeal which could be well heeded all over Canada, much as it is regretted that families have to be separated

ed due to war exigencies. In Ottawa for instance, the housing registry has 1850 applications for units and only 25 vacancies. Of the new applications it was shown that 309 are from heads of families in the armed forces and 227 in civilian occupations. The tales one hears of "house chasing" in Ottawa (as well as in other centres) are really tragic. I have seen ads. in the local papers where they offer as high as \$100 reward for information leading to getting accommodation. The moral: stay at home.

It may not be soup and fish news but Jack Johnson, the great colored pugilist of former days and once champion of the world, visiting in Ottawa, has been addressing service clubs quite neatly and making personal appearances helping to sell War Bonds, as his contribution to the war effort. Just goes to show everyone can do something.

Statistics seem to grow on trees in Ottawa, but they usually show some extensive phase of our widespread economy. Here's something interests rural people. There are 22 projects or phases of farm work under study on the 161 Illustration Stations and 45 District Experimental Stations throughout the Dominion in 1942, and during that year 148 field days were held when nearby farmers visited the stations with a total attendance of about 20,000 persons, or an average of 131 per meeting. Neighboring farmers are, of course, welcome to visit the stations at any time and observe how the projects suitable to their own districts are progressing. Up at my home Station in Swift Current, Sask., it is nothing unusual to have 2000 people at the annual field day.

Director of National Selective Service, Arthur MacNamara, says that sooner or later an order will be issued requiring employers to satisfy themselves that all male employees in age and marital classes designated under Mobilization regulations have papers to show that they have been rejected or discharged from the Forces, or otherwise that they have complied with the regulations. Which seems to put it up to employers.

An experimental farm tip for those interested—where cull apples can be secured at low cost, conversion of the fruit into ensilage is an economical method of supplying succulent foods for the production of milk and beef. At the present time with an acute labor shortage, many farmers find it difficult to grow either roots or corn, the two chief sources of succulence for winter use. To prevent leakage of juices they should have an absorbent such as alfalfa or grass hay.

A recent Canadian Army order allows other ranks to wear black ties with battle dress when off duty.

"The Boss drives us to the station"

home and take over here. And good luck, boy."

Well, I'm telling you, I can't believe my ears, and all I can do is shake the boss' hand. Me, worrying about saving all my nickels to start a spread of my own, and suddenly falling into a spot like this.

"Miss Edith knows," the boss says. "We were keeping it as a surprise 'til today. She's coming out here to live and to wait for you to come back. Right now we better hustle or you'll be late for the wedding and they sure can't start the show 'til you get there."

So we high-tail it for the church. The boss hustles me along so fast that I don't have time to worry until they've got me right up at the front of the church. The organ is playing and right soon Miss Edith is standing beside me, as pretty as a picture.

### Don't Remember Much

Well, I don't remember much about the next few minutes except that I say 'I do' at the proper time and soon it is all over and we start out of the church.

The boys from the unit have got a right smart guard of honor drawn up outside and it sure makes me feel proud to realize that my friends went to all this trouble for me.

We go back to the ranch for the wedding banquet and right off I start to thank the boys who formed the guard of honor and to tell them how sorry I am they've missed part of their leave just to come to the wedding.

"They're missing nothing," the captain grins. "These are boys who had no special place to spend their leave and your friends here invited them all out to stay at the ranch 'til the army wants them back."

You can see by the smiles on the boys' faces that they sure appreciate it too.

Well, we don't stay around long because soon the boss drives Miss Edith (I mean the wife) and I to the station, and we head for Banff for our honeymoon.

That sure goes quickly too and in no time at all I have to be back in barracks getting ready for this morning when we're due to leave.

The wife and the boss are both at the station to see me away and it isn't 'til then that I feel sad at all. When it's finally time to leave though I wish I could stay behind—at least for a little spell.

Mrs. J. Fuller is here from her home at Drumheller as a guest at the home of Mrs. Fred Hart for a short holiday.

Taxpayers of the M.D. of Wainwright No. 392 will do well to note the dates when the secretaries will be in their home district for tax-gathering, as announced by advt. in this issue of the Star.

Work proceeds apace on the new Hostess House which is now taking shape on its location on Second avenue east. Much credit is due all those responsible for this much-needed acquisition to our town.

Mr. and Mrs. Geo. Clark returned home from Calgary on Sunday following the funeral of the late Mrs. Carrie Clark there.

Lieut. D. S. and Mrs. Stevens (nee Roberta Snyder) are here visiting at the home of Mrs. Stevens' parents in Wainwright.

## M D Wainwright No 392

(continued from page 4)

Moved by Sutherland that the matter of selling the house on Sec. 21-45 5-4 be left with Mr. Taylor and that he be given power to act.—Carried.

Moved by Dixon that the offer of E. B. Harly to purchase the house on the NE 13-44-5-4 be not accepted as it is considered to be too low.—Carried.

Moved by Fahner that the Secretary be instructed to notify the University of Alberta Hospital that Mrs. P. LaRiviere is not indigent and that they should have no trouble in collecting this amount.—Carried.

Moved by Dixon that the application received from J. J. Crowley for Old Age Pension be approved and that full pension be recommended to the Department.—Carried.

Moved by Sutherland that the application for an increase in Old Age Pension from Mrs. M. Monaghan be approved and that this increase be recommended to the Department.—Carried.

Moved by Sutherland that the Secretary be instructed to have completed Semi-Annual Reports from all Mothers who are now receiving Mothers Allowance in this District.—Carried.

Moved by Spencer that Mrs. Haroldson be given permission as required under the Mothers Allowance Act to live in the Hamlet of Metiskow.—Carried.

Moved by Archibald that we can not consider giving a grant to the proposed Hostess House as requested earlier by Mr. Huntingford and Mr. Smith, as we do not consider the location a suitable place for a Ladies' Rest Room.—Carried.

Moved by Sutherland that the letter from the Wheat Acreage Reduction office advising that cheques are now being mailed in connection with this reduction be received and ordered filed.—Carried.

Moved by Spencer that this meeting now close, our next meeting to be held Nov. 11th, 1943.—Carried.
